HIRING

Job Role: Java Developer
Location: Hyderabad
Salary : 3 LPA
Duration: Full Time
Qualification: Any Graduate
Year of Passout: 2021,2022 & 2023
Bond : 1 year

Responsibilities:

- **Coding and Development:** Assist in the development of Java applications following established coding standards and best practices. Collaborate with team members to implement new features and enhancements.
- **Testing and Debugging:** Participate in testing and debugging activities to identify and resolve defects. Work with the testing team to ensure the software is thoroughly tested before deployment.
- **Documentation:** Create and maintain technical documentation related to application design, development, and testing processes.
- **Collaboration:** Work closely with senior developers, project managers, and other stakeholders to understand requirements, contribute to design discussions, and provide updates on progress.
- **Problem Solving:** Analyze and troubleshoot issues that arise during development and in the production environment. Propose and implement solutions to resolve them.
- **Continuous Learning:** Stay up-to-date with the latest trends, technologies, and best practices in Java development. Attend workshops, conferences, or online courses to enhance your skills.
- **Code Review:** Participate in code reviews to ensure code quality, readability, and adherence to coding standards.
- **Version Control:** Utilize version control systems (e.g., Git) to manage source code and collaborate effectively with the development team.
- **Deployment:** Support deployment processes and assist in the setup and configuration of development, testing, and production environments.

Skills

- Good to have Java,Core Java,SQL,Data Structure & Spring Framework
